Welcome to National History Day-California!

By participating in this yearlong educational program, students don the three hats of the historian: the research hat, the analysis and interpretation hat, and the development and presentation hat. This Rule Book emphasizes the development and presentation aspect of your NHD-California (NHD-CA) efforts. The rules contained in this document directly align with those of the National History Day program, ensuring that California's state program expectations mirror and prepare students for participation at the national level.

You will select an entry category that allows you to make the best use of your research and project-development talents. Successful presentation of your thesis, analysis, and insights relies on compliance with the guidelines for the entry category you select. Be sure you know both the requirements for your specific entry category as well as the general requirements that apply to all entries. Read, become familiar with, and adhere to the rules (general and category) and suggestions within this Rule Book to prepare your NHD-CA entry.

I. What is National History Day?

NHD, a non-profit education organization based in College Park, Maryland, offers year-long academic programs that engage over half a million middle- and high-school students around the world annually in conducting and presenting original research on historical topics. Since 1974, NHD has continuously improved history education by providing professional development opportunities and curriculum materials for educators. It provides the organizational structure for students like you to enter contests at the local and affiliate levels, with top students advancing to the national competition at the University of Maryland at College Park.

Through your participation in the contest, you will experience important benefits beyond learning about interesting issues, ideas, people, and events of your choosing. You will hone your expressive abilities as you demonstrate command of your topic and present your work in one of the competition’s formats: paper, exhibit, performance, documentary, website or poster (formally 2-Dimensional display). At the local and affiliate competitions, you have the opportunity to meet students from other schools, exchange ideas, and demonstrate the results of your work. Your success in researching and producing an NHD entry may even take you to the National Contest.

ABOUT NHD-CALIFORNIA

National History Day – California, one of the largest state History Day competitions, takes place in 24 counties and reaches some 35,000 students each year, culminating in an annual state wide contest with close to 1,200 participants. National History Day – California provides an enhanced History Day program, including the elementary student poster category (formerly called 2-D Display).

NHD-CA is open to all students in grades 4 through 12. All types of students participate in NHD; for example: public, private, parochial and home-school students; urban, suburban and rural students; English language learners, and students with special needs.

PLEASE READ THIS!
Before you begin work on your entry, you, your teacher, and your parents should read this Contest Rule Book carefully. It contains rules that you must follow to compete in all levels of the NHD competition. More information about topics, sources, and deadlines is available from your regional and affiliate NHD coordinators. Find your county coordinator by going to www.nhdca.org and selecting the “Coordinators” tab. Always contact your regional or affiliate coordinator to learn whether any procedures have been revised for your area.
**DEFINITIONS**

**AFFILIATE**: A NHD program organized by a coordinator and recognized as such by the national office; usually designated by a geographical name (e.g., California, Texas, Guam, etc.). The Sacramento County Office of Education coordinates the affiliate program for California. In California, students first participate in regional (county) competitions. Students who qualify advance to the affiliate contest (NHD-CA).

**REGION (county competition)**: A NHD program, usually one of several within an affiliate. In California regions are organized by a county coordinator (e.g., Orange County, Placer County, etc.). County contests are often the first level of competition, however, many counties also have district and school level competitions. Check with your county coordinator.

**CONTEST YEAR**: Begins immediately following the National Contest awards ceremony and continues through the next year’s National Contest awards ceremony. You may begin working on a project for competition in June after the conclusion of the previous contest year.

**ENTRY**: One project entered once within a contest year. You may only enter one regional and/or one affiliate contest with one project. Multiple entries (in any form), as well as reusing research from a previous year’s project, will result in disqualification from the contest.

**FAIR USE**: The use of copyrighted material for your project falls under the Fair Use doctrine, which identifies educational use for non-commercial purposes as acceptable with certain limitations. You should not place your project in a non-academic public setting, such as a commercial internet site, without obtaining permission from the copyright owner. Read more here: www.copyright.gov/fls/fl102.html.

**PLAGIARISM**: Presenting the work or ideas of others in ways that give the impression that they are your own (copying information word-for-word without using both quotations and citations, paraphrasing an author’s ideas without proper attribution, or using visuals or music without giving proper credit). Plagiarism in any form will result in disqualification from the contest.

**RULE INFRACTION**: A violation of any of the rules stated in this Contest Rule Book. Judges will take any rule infractions into consideration in their final rankings. Failure to comply with the rules will count against your entry but will only result in disqualification as delineated below. Any rule infractions should be corrected before a winning entry competes in the next level of competition.

**DISQUALIFICATION**: Removal of an entry from competition. A project may be disqualified from the contest on three grounds:

1. Plagiarizing all or part of the NHD project. Please note that failing to give proper credit is plagiarism.
2. Reusing, individually or as a group, a project (or research from a project) from a previous year, or entering a project in multiple contests or entry categories within a contest year.
3. Tampering with any part of the project of another student.
HISTORICAL CONTEXT: The appropriate settings in which to understand your subject’s time period. Settings might include relevant physical, economic, intellectual, and/or sociocultural characteristics of the place and time.

HISTORICAL PERSPECTIVE: Understanding a topic’s development over time and its influence.

PRIMARY SOURCE: Something that was written, created, or produced in the time period you are investigating (letters, speeches, diaries, newspaper articles from the time, oral history interviews of people from the time, documents, photographs, artifacts, and anything else that provides firsthand accounts about a person or event). This definition also applies to primary sources found on the Internet.

A letter written by President Lincoln in 1862 is a primary source for a student researching the Civil War era. An article about the Vietnam War published in 2001 and not written by an eyewitness or participant about his or her experience is not a primary source. An interview with an expert (such as a professor of Vietnamese history) is not a primary source UNLESS that expert actually lived through and has firsthand knowledge of the events being described. Primary materials such as quotes from historical figures or photographs of historical events, when found in secondary sources, can be used effectively in NHD projects; however, these are not considered primary sources. Figure 1 (page 7) provides a comparison of primary material found in a textbook (secondary source) and the original document.

NOTE: Check out the “Conducting Research” page in the Contest section on the NHD website at www.nhd.org for additional help on primary sources.

SECONDARY SOURCE: A source by an author who was not an eyewitness or a participant in the historical event or period. Secondary sources are interpretations of primary sources, research, and study. Secondary sources provide context for a historical event. For example, high school history textbooks and history books about a particular topic are secondary sources; so are biographies and reference sources such as encyclopedias. This definition also applies to descriptive articles or information found on the Internet.
Abigail Adams wrote a letter to her husband, John, in 1776. Below is an excerpt of the letter included in a textbook and a copy of the original document accessed on the Internet. The excerpt is a secondary source because it only includes part of the letter and thus, does not provide full context. The original is a primary source. Citations are provided for both as well as for the actual document.

II. Program Overview

Theme

Each year NHD selects a theme for the contest. Although you may select a topic on any aspect of local, regional, national, or world history, your project’s research and conclusions must relate clearly to the annual theme. Be careful to limit the scope of your topic to focus on an issue that can be explained and interpreted within the category limits of size and time.

Topic

Effective NHD entries not only describe an event or a development, but they also analyze and place it in its historical context. To help you draw conclusions about your topic’s significance in history, ask yourself the following questions:

- How was my topic significant in history in relation to the NHD theme?
- How did my topic develop over time?
- How did my topic influence history?
- How did the events and atmosphere (social, economic, political, and cultural aspects of my topic’s time period) influence my topic in history?
- Why is my topic important?

Rewards for Participation

The most important rewards are the skills and new knowledge that you will acquire as you move through the NHD program. At each level of competition, outstanding achievement also may be recognized through certificates, medals, trophies, scholarships, or monetary awards. A number of special prizes may be given at the regional, affiliate, or national level.

Grade-Span Divisions

The NHD-CA competition has three divisions based on school grade.

- Elementary Division — grades 4 and 5
- Junior Division — grades 6, 7, and 8
- Senior Division — grades 9, 10, 11, and 12

Student entries are judged within grade-span divisions. Entries developed by fourth and fifth grade
Students will be judged alongside other entries submitted by students in these two grades. Because students may participate either as individuals or as members of a group, it is possible for a group to include any combination of students within a designated span of grades. Student entries are evaluated against others within a designated division, not by specific grade levels. For example, a Junior Division entry developed by a student in the sixth grade may be judged alongside an entry developed by a student in eighth grade.

**ENTRY CATEGORIES**

Students participate in one of 11 entry categories:

<th>1. Paper (individual only)</th>

Each category in each grade-span division is judged separately. For example, individual exhibits will not be judged alongside group exhibits within the senior division.

Groups may include 2 – 5 students. Group members do not have to be in the same grade or class to compete together, but they must be in the same division.

While participation at the national level is limited to students in grades 6 – 12, California, along with a number of other states, provides an opportunity for students in grades four and five to participate in a unique category. The Poster is a novice version of the Exhibit. The rules have been adjusted to meet the developmental level of our youngest participants. Champion entries in the Elementary Individual and Group Poster category will not advance to National History Day held at the University of Maryland, as these categories and this division do not exist at the national level. The NHD-CA contest is held in public areas. Participants are solely responsible for the security and

safety of their own equipment and artifacts. The NHD-CA committees, program officials, volunteers, and sponsors will not be responsible for the loss of or damage to exhibits, props, equipment, or personal belongings.

Each county’s NHD contest and system for advancing representatives to the State Finals is a little different. Please contact your county coordinator for details. If your county does not appear to have a coordinator, please contact NHD-CA for information on how to participate.

PROGRAM MATERIALS

Each year program materials such as topic suggestions, sample entries, videos, and category tips are available on the NHD website at www.nhd.org. These materials are provided to help teachers and students participate in the NHD program and may be duplicated for classroom use. Additional materials may be purchased from the NHD online shop. For further information or to order materials, contact your regional or affiliate coordinator or the NHD office.

NHD also conducts webinars throughout the year. You are encouraged to take advantage of these resources.
III. Rules for All Categories

NHD-CA rules are aligned with those of the national program. Participation in NHD-CA requires adherence to each of the following rules (Excerpted from the NHD Contest Rule Book).

**GENERAL RULES FOR ALL CATEGORIES**

**Rule 1 | Annual Theme**
Your entry must relate clearly to the annual theme and explain your topic’s significance in history.

**Rule 2 | Contest Participation**
You may participate in the research, preparation, and presentation of only one entry each contest year. You may share research with up to four other students who are fellow participants in your group entry. **You may not create a common pool of research from which several entries are developed.**

**Rule 3 | Individual or Group Entries**
A paper, individual exhibit, individual performance, individual website, individual documentary, or individual poster must be the work of only one student. A group exhibit, group performance, group website, group documentary, or group poster must be the work of 2 to 5 students. All students in a group entry must be involved in the research and interpretation of the group’s topic. Once a group project enters a competition (regional or affiliate), additional students may not be added or replaced at that or subsequent competitions within a contest year. **Only those members of a group registered for the NHD-CA competition will be eligible to advance to the National competition.**

**Rule 4 | Development Requirements**
Entries submitted for competition must be original and have been researched and developed in the current contest year. Revising or reusing an entry from a previous year—whether it is yours or another student’s—will result in disqualification. The contest year begins each June, following the National Contest and the announcement of the new theme.

**Rule 5 | Construction of Entry**
You are responsible for the research, design, and creation of your entry. You may receive help and advice from teachers and parents on the mechanical aspects of creating your entry, such as typing your paper and other written materials. You may seek guidance from your teachers as you research and analyze your material, but your conclusions must be your own. You may have reasonable help preparing your project.

Examples of reasonable help include:
- a teacher instructs you in how to use an editing software program
- a parent uses a cutting tool to cut the exhibit board or performance prop that you designed
- a teacher offers editing suggestions on your paper
- a parent assists in sewing costumes that you have designed
- a teacher shows you or your group how to build an NHD website
- you have photographs commercially developed
NOTE: Objects created by others specifically for use in your entry violate this rule. Examples include a parent editing a documentary or an artist drawing the backdrop for your exhibit or performance.

Rule 6 | Tampering with Another NHD Entry
You may not tamper with, deface, or alter another student’s or group’s entry. Doing so will result in your project’s disqualification.

Rule 7 | Contest Day Setup
You are responsible for setting up your own exhibit, poster, and equipment at the contest. You may have reasonable help carrying these, but setup must be completed by you (and/or your group members). Students in the performance category must be able to set up their own props.

Rule 8 | Supplying Equipment
You are responsible for supplying all props and equipment at each level of competition. All entries should be constructed with transportation, setup time, size, and weight in mind (e.g., foam board versus solid oak for an exhibit, folding table versus antique desk for a performance, etc.). For documentaries, NHD-CA will provide computers, screen, and speakers. Your documentary will be pre-loaded on the computer. For websites, NHD-CA will provide computers for the interview. Check with your county contest coordinator about available resources for your county competition. Be prepared.

Rule 9 | Discussion with Judges
You should be prepared to answer judges’ questions about the content and development of your entry and to explain the design, research, and creation of your entry. Judges need to know that your entry is the result of your own work. However, you may not give a formal, prepared introduction, narration, or conclusion. Let the judges’ questions guide the interview. Ultimately, your entry should be able to stand on its own without any additional comments from you.

Rule 10 | Costumes
You are not permitted to wear costumes that are related to the focus of your entry during judging, except in the performance category.

Rule 11 | Prohibited Materials
Items potentially dangerous in any way—such as weapons, firearms, animals, organisms, plants, etc.—are strictly prohibited. Such items will be confiscated by security personnel or contest officials. Replicas of such items that are obviously not real are permissible. Contact your teacher and contest coordinator to confirm guidelines before bringing the replica to a contest.

Rule 12 | Title
Your entry must have a title that is clearly visible on all written materials.

Written Material for All Entries

Rule 13 | Written Material
Your entry must include the following written material in the order presented below:
1. A title page as described in Rule 14;
2. A process paper as described in Rule 15 (process papers are not required for paper entries);
3. An annotated bibliography as described in Rule 16.

These materials must be typed or neatly printed on plain white paper, and stapled together in the top left corner. Do not enclose them in a cover or binder. Check with your county coordinator on the number of copies to bring to your county competition. For the NHD-CA contest please check the NHD-CA Contest Guide for how many copies to
bring. The contest guide is posted on the Contests page of the NHD-CA website each January.

Rule 14 | Title Page
A title page is required as the first page of written material in every category. Your title page must include only the title of your entry, your name(s), the division and category in which you are entered, and applicable word counts. Please see Figure 2 for examples of required elements for the paper, exhibit, performance, and poster categories. Details of requirements for a website’s home page can be found in Rule E3.

NOTE: The title page must not include any other information (pictures, graphics, borders, school name, or grade) except items described in this rule.

Rule 15 | Process Paper
All categories, except paper, must include a process paper with the entry. It must describe in 500 or fewer words how you conducted your research and created your entry. The process paper must include four sections that explain:

1. how you chose your topic;
2. how you conducted your research;
3. how you selected your presentation category and created your project; and
4. how your project relates to the NHD theme.

For example:
Bates, Daisy. The Long Shadow of Little Rock

Daisy Bates was the president of the Arkansas NAACP and the one who met and listened to the students each day. This first hand account was very important to my paper because it made me more aware of the feelings of the people involved.

Rule 16 | Annotated Bibliography
An annotated bibliography is required for all categories. List only those sources that contributed to the development of your entry, i.e., sources that provided usable information or new perspectives in preparing your entry. Sources of visual and audio materials and oral interviews must be included. Bundle photos or other materials from the same collection in a single citation. The annotations for each source must explain how you used the source and how it helped you understand your topic. Your annotated bibliography is not included in the word count.

For example:
Bates, Daisy. The Long Shadow of Little Rock

Daisy Bates was the president of the Arkansas NAACP and the one who met and listened to the students each day. This first hand account was very important to my paper because it made me more aware of the feelings of the people involved.

NOTE: Students in the poster category are only required to annotate 5 sources. See rule F5

NOTE: Oral history transcripts, correspondence between you and experts, questionnaires, and other primary or secondary materials used as sources for your entry should be cited in your bibliography but not included as attachments to your bibliography.

Rule 17 | Separation of Primary and Secondary Sources
You are required to separate your bibliography into two sections: one for primary sources and one for secondary sources.

NOTE: Some sources may be considered as either primary or secondary. Use your annotations to explain your reasoning for classifying any sources that are not clearly primary or secondary. Listing a source under both primary and secondary is inappropriate.

Rule 18 | Style Guides
Style for citations and bibliographic references must follow the principles in a recent edition of one of the following style guides.

1. Kate L. Turabian, A Manual for Writers of Research Papers, Theses and Dissertations: Chicago Style for Students and Researchers
2. Joseph Gibaldi, MLA Handbook for Writers of Research Papers

Regardless of which manual you use, the style must be consistent throughout all written material.

Rule 19 | Plagiarism
You must acknowledge in your annotated bibliography all sources used in your entry. Failure to credit sources is plagiarism and will result in disqualification.

Contest Participation

Rule 20 | Entry Procedure
For each contest level you must register online or by submitting paper entry forms (check with your contest coordinator for the required format), meet specific deadlines, and follow any procedures established by that contest’s coordinator. You are responsible for knowing and meeting the deadlines.

Rule 21 | Entries to National Contest
Each affiliate is limited to two entries per contest category in the National Contest. Ties at affiliate contests must be resolved at the affiliate level. Poster projects do not advance to the national contest.

Rule 22 | Attendance at NHD-California and the National Contest
Individual students and groups must be present for an entry to be judged at the NHD-CA or National Contest.

- No telephone, Skype, or other form of interview other than in person will be permitted.
- Only those members of a group registered for the NHD-CA competition (even if they don’t attend) will be eligible to advance to the National competition.
- All members of a group entry must register for the National Contest.

Rule 24 | Release of Your Entry
Your registration in the NHD-CA State Finals indicates that you grant permission for contest officials to duplicate, publish, distribute, and /or display your work to support program growth and excellence in California.
IV. Individual Category Rules

A. Paper

A paper is the traditional form of presenting historical research. Various types of creative writing (e.g., fictional diaries, poems, etc.) are permitted, but must conform to all general and category rules. Your paper should be grammatically correct and well written.

Part III, Rules for all Categories (pages 11-14), except for Rule 15, applies to papers.

| A1 | **Length Requirements** | Papers must be between 1,500 and 2,500 words.  
Each word or number in the text of the paper counts as one word.  
This includes student-composed text as well as quotes from primary or secondary sources.  
The 2,500-word limit does not apply to notes, the annotated bibliography, illustration captions, and appendix material. Appendix material must be referenced in the text of the paper. Extensive supplemental materials are inappropriate. Use of appendices should be very limited and may include photographs, maps, charts, and/or graphs only.  

*NOTE: Oral history transcripts, correspondence between you and experts, questionnaires, and other primary or secondary materials used as sources for your paper should be cited in your bibliography but not included as attachments/appendices to your paper.* |
| A2 | **Citations** | Citations—footnotes, endnotes, or internal documentation—are required.  
Citations are used to credit the sources of specific ideas as well as direct quotations.  
Refer to Part III, Rule 18, for citation styles. Please note that an extensively annotated footnote should not be used to get around the word limit. |

The second issue debated at the Yalta Conference was the destiny of the Polish state. The Polish nation fluctuated between existence and partition throughout European history. After World War I, the Treaty of Versailles created the modern Polish state. In 1939, Germany demanded land and economic concessions from the nation, and the Polish government refused to concede to these demands. On March 31, 1939, Poland signed an agreement with Great Britain and France in which these nations promised to provide aid to Poland if attacked by Germany. On September 1, 1939, Germany invaded Poland with two army groups while stationing the German navy to prevent a British attack from the sea. Warsaw was surrounded by September 17, and after heavy bombing raids, surrendered ten days later.

Poland was overrun quickly, “with a speed that astonished the rest of the world.” The Polish government and military leaders fled to France, and later to London. Poland remained occupied for most of the war. Soviet troops finally took control of Warsaw in January 1945. Poland was largely “written off at Yalta,” despite the fact that it fought with the Allied powers in exile.

The representative at the Yalta Conference made the following decision regarding the Polish state:

A new situation has been created in Poland as a result of her complete liberation by the Red Army. This calls for the establishment of a Polish Provisional Government…which is now functioning in Poland should therefore be reorganized on a broader democratic basis with the inclusion of democratic leaders from Poland itself and from Poles abroad. This new Government should then be called the Polish Provisional Government of National Unity.

As World War II began to shift in favor of the Allies, it became evident that several questions

B. Exhibit

An exhibit is a visual representation of your research and interpretation of your topic’s significance in history. The analysis and interpretation of your topic must be clear and evident to the viewer. Labels and captions should be used creatively with visual images and objects to enhance the message of your exhibit.

NOTE: Be careful that your message is clear on the exhibit itself. Extensive supplemental material is inappropriate. Oral history transcripts, correspondence between you and experts, questionnaires, and other primary or secondary material used as sources for your exhibit should be cited in your bibliography, but not included as attachments to your bibliography or exhibit.
Media Devices

- Media devices (e.g., DVD players, tablets, mp3 players, video monitors, computers, etc.) used in an exhibit must not run for more than a total of three minutes.

- Quotes from a multi-media source (e.g., clip from a documentary, primary source music, etc.) are considered quotes. Any student-composed questions, narration, or graphics incorporated within a media presentation are subject to the 500-word limit (Rule B2).

- Viewers and judges must be able to control media devices. Any media devices must fit within the size limits of the exhibit.

- Any media devices used should be integral to the exhibit—not a method to bypass the prohibition against live student involvement.

Crediting Sources

- All quotes from written sources must be credited on the exhibit and fully cited in the annotated bibliography.

- All visual sources (e.g., photographs, paintings, charts, and graphs, etc.) must be credited on the exhibit and fully cited in the annotated bibliography.

- Brief, factual credits do not count toward the word total. See Figure 6 for an example of the difference between a credit and a caption.

Required Written Materials

- Consult the NHD-CA Contest Guide located under the “Contests” tab at www.nhdca.org for more information about required written materials for this category. Check with your county coordinator for entry procedures for your local competition. Refer to Part III, Rules 16-18, for citation and style information.

C. Performance

A performance is a dramatic portrayal of your topic’s significance in history and must be an original production. It should be scripted based on research of your chosen topic and should have dramatic appeal, but not at the expense of historical information.

D. Documentary

A documentary should reflect your ability to use audiovisual equipment to communicate your topic’s significance. The documentary category will help you develop skills in using photographs, film, video, audio, computers, and graphic presentations. Your presentation should include primary source materials and also must be an original production. To produce a documentary, you must have access to equipment and be able to operate it.

Part III, Rules for all Categories (pages 11-14), applies to documentaries.

- You are not required to credit individual images or video clips while the documentary is playing; that is the purpose of the credits at the end.
- All sources (e.g., music, images, film/media clips, interviews, books, websites, etc.) used in the making of the documentary must be properly cited in the annotated bibliography.
- The list of credits counts toward the ten-minute time limit and should be readable by viewers. See Figure 7 for an example. |

E. Website

The website category is the most interactive of all NHD categories. A website should reflect your ability to use website design software and computer technology to communicate your topic’s significance in history. Your historical website should be a collection of web pages, interconnected by hyper links, that presents both primary and secondary sources and your historical analysis. To engage and inform viewers, your website should incorporate interactive multimedia, text, non-textual descriptions (e.g., photographs, maps, music, etc.), and interpretations of sources. To construct a website, you must have access to the Internet and be able to operate appropriate software and equipment.

In this article, Secretary Adams discusses the Enola Gay as an artifact and the challenges presented when trying to display the plane. He also mentions the idea of creating an exhibit that uses the plane to show what the end of WWII meant and the start of the atomic age.

Cheney wrote this article about the National Standards for U.S. History and sent it to the Wall Street Journal. This is the article that set off the controversy about the Standards. I connected this incident to the Enola Gay controversy through the 1994-midterm elections. I used a quote from this article on the politicization of
F. Poster (formerly 2-Dimensional Display)

The poster is a scaled-down version of the exhibit category. This entry category is available only to participants in the Elementary Division (grades 4 and 5) as an introduction to NHD. This California-only category is not included at the National History Day contest. A poster provides the opportunity to demonstrate your understanding of the topic and theme, effectively use a combination of quotations and your own words to share the context, your thesis statement and evidence that supports it, and the significance of your topic in history. You will also use images of all kinds (e.g., photos, maps, art images, etc.) and meaningful captions and labels to tell your story and guide the viewer through your display. Each poster includes a process paper and annotated bibliography.

V. How Will Your Entry Be Judged?

NHD’s goal is to provide you with a high-quality, educational experience—whether or not you win a prize. The judges’ evaluations are part of the learning and skill-building process of NHD. The judges’ evaluations help you to improve skills and provide positive feedback for the hard work you have put into producing your project. The judges’ comments also can provide you with ideas for revisions and enhancements as you move from one contest level to the next. Remember, regardless of how your entry is ranked, by participating in NHD you will benefit from the experience. You will gain research, thinking, and presentation skills that will last your entire life. You will become an expert on a topic of interest to you and to others. You will learn to manage your time and acquire poise and self-confidence.

Who Are The Judges?

Historians, educators, and others interested in history and education serve as judges at each level of the NHD competition. Contest coordinators work very hard to ensure a quality judging experience.

How Does The Evaluation Process Work?

At official NHD contests, each division and category (e.g., Junior Group Exhibit, Senior Paper, etc.) usually is judged as a whole by a panel of judges. Time constraints due to the number of entries often require entries in some categories to be divided among several teams of judges. Finals then become necessary. In such cases, the entries judged best by each team of initial judges are re-evaluated by a new team of judges to determine the winning entries in the category. The number of entries in finals and procedures for judging vary by contest and category and are within the discretion of the contest officials.

Consensus Judging

Judges will not assign a numerical score to each entry; rather, they will rank the entries in their group. Judges are required to consult with each other in determining individual rankings. Judges are encouraged to review the results of their category to assure accuracy in the evaluation process.

The Subjective Nature of Judging

Judges must evaluate certain aspects of your entry that are objective (e.g., were primary sources used; is the written material grammatically correct and accurately spelled, etc.). But judges also must evaluate interpretive aspects of your entry that are qualitative in nature (e.g., analysis and conclusions about the historical data, etc.). Historians often reach different opinions about the significance of the same data. It is therefore crucial for you to base your interpretations and conclusions on solid research. Judges will check to determine whether you used available primary sources and whether you were careful to examine all sides of an issue and present a balanced account of your research and presentation. Your process paper and annotated bibliography are critical to this process.
You, your parents, and your teachers should realize that inadvertent inequities may occur in judging and that contest officials do want to be informed of any problems. If you have a concern, ask your teacher about the correct process to follow in notifying officials. The decision of the judges is final.

### Evaluation Criteria

- **Historical Quality (60%)**
- **Relation to Theme (20%)**
- **Clarity of Presentation (20%)**

#### Historical Quality (60%)

The most important aspect of your entry is its historical quality. You should ask yourself the following questions to help you focus on your historical analysis.

- Is my entry historically accurate?
- Does my entry provide analysis and interpretation of the historical data rather than just a description?
- Does my entry demonstrate an understanding of historical context?
- Does my annotated bibliography demonstrate wide research?
- Does my entry demonstrate a balanced presentation of materials?
- Does my entry demonstrate use of available primary sources?

#### Relation to Theme (20%)

Your entry must explain clearly the relation of your topic to the annual NHD theme. You should ask yourself the following questions to help focus your topic on the theme and its significance.

- How does my topic relate to the theme?
- Why is my topic important?
- How is my topic significant in history and in relation to the NHD theme?
- How did my topic influence history?
- How did the events and atmosphere (social, economic, political, and cultural aspects of my topic’s time period) influence my topic in history?

#### Clarity of Presentation (20%)

Although historical quality is most important, your entry must be presented in an effective manner. You should ask yourself the following questions to help you focus on your presentation.

- Is my entry original, creative, and imaginative in subject and presentation?
- Is my written material clear, grammatically correct, and accurately spelled?
- Is my entry well-organized?
- Do I display stage presence in a performance?
- Is my visual material presented clearly?

### Rule Compliance

Rule infractions occur when you violate any of the rules stated in this Contest Rule Book. Infractions are not grounds for disqualification, but judges will take any rule infractions into consideration in their final rankings. Failure to comply with the rules will count against your entry. Any rule infractions should be corrected before a winning entry competes in the next level of competition.

A project may be disqualified from the contest on three grounds:
1. Plagiarizing all or part of the NHD project. Please note that failing to give proper credit is plagiarism.
2. Reusing, individually or as a group, a project (or research from a project) from a previous year, or entering a project in multiple contests or entry categories within a contest year.
3. Tampering with any part of the project of another student.
